

Session Program

April 10, 2026

Workshop on Physics, Medicine, Energy, and AI

Setting the stage: AI and The Brain Health Project

Michelson Center For Physics, Room 201
The University of Chicago, 933 E 56th St, Chicago, IL 60637

Fri, April 10

10:10 AM

Setting the stage: AI and The Brain Health Project

Session |

Location: Michelson Center For Physics, Room 201, The University of Chicago, 933 E 56th St, Chicago, IL 60637

10:10 - 10:25 AM

Imaging in Physics and path to AI and Brain Health (Genesis)

Speaker

Bonnie Fleming

10:25 - 10:40 AM

Molecular Imaging & Theranostics (MI&T) in Medical Physics Applied to Medicine and Biology

Speaker

Chin-Tu Chen

10:40 - 11:00 AM

Schizophrenia

Speaker

Carol Tamminga

11:00 - 11:20 AM

Multi-modality PET systems and Superresolution PET

Speaker

Chien-Min Kao

11:20 - 11:40 AM

Education, Training, Mobility

Speaker

Antonio Ereditato

11:40 AM - 12:00 PM

General applications of AI Imaging and multi-modal analysis

Speaker

George Fleming

12:00 PM
